Summary Section

Investment Objective

The Fund seeks growth of capital while adhering to Islamic principles.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees

(fees paid directly from your investment)

Maximum sales charge (load) imposed on purchases	None
Maximum deferred sales charge (load)	None
Maximum sales charge (load) imposed on reinvested dividends	None
Redemption fee	None
Exchange fee	None
Maximum account fee	None

Annual Fund Operating Expenses

(expenses that you pay each year as a percentage of the value of your investment)

Management Fees	1.00%
Distribution (Rule 12b-1) Fees	None
Other Expenses	0.35%
Total Annual Fund Operating Expenses	<u>1.35%</u>

Example:

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. It assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund's net operating expenses remain the same. Although your actual cost may be higher or lower, based on these assumptions, your costs, whether or not you redeemed your shares, would be:

<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
\$137	\$428	\$739	\$1,624

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes for Fund shares held in a taxable account. These costs, which are not reflected in Annual Fund Operating Expenses or in the example, affect the Fund's performance. During the most recent fiscal year ended May 31, 2023, the Fund's portfolio turnover rate was 71.9% of the average value of its portfolio.

Principal Investment Strategies

The Fund seeks to achieve its investment objective by investing in common stocks and equity-related securities of domestic and foreign issuers that meet Islamic principles and whose prices the Fund's investment advisor, Allied Asset Advisors, Inc. (the "Advisor"), anticipates will increase over the long term. Islamic principles generally preclude investments in certain businesses (*e.g.*, alcohol, pornography and gambling) and investments in interest bearing debt obligations or businesses that derive interest income as their primary source of income. The Fund may invest in companies of all market capitalizations. Any uninvested cash will be held in non-interest bearing deposits or invested in a manner following Islamic principles. There can be no guarantee that the Fund will achieve its investment objective.

Among the securities that meet Islamic principles, the Advisor will determine a security's attractiveness for purchase based on a number of factors, including its anticipated value, record of earnings growth, and possible turn around, among other things. The Advisor may invest in "growth" or "value" stocks, but it anticipates that a majority of its investments will be of the growth type. The Fund may sell portfolio securities at any time when, in the Advisor's judgment, their price has reached the intended target, their fundamentals have deteriorated, or there are better investment opportunities. The Fund normally does not invest in emerging markets securities except for those traded on U.S. exchanges.

Principal Investment Risks

The principal risks of investing in the Fund are listed below. As with any mutual fund, you may lose money by investing in the Fund. Each risk summarized below is considered a "principal risk" of investing in the Fund, regardless of the order in which it appears.

Equity Securities Risk: The value of the Fund's shares will fluctuate with changes in the value of the equity securities in which it invests. Equity securities prices fluctuate for several reasons, including changes in investors' perceptions of the financial condition of an issuer or the general condition of the relevant equity market, such as market volatility, or when political or economic events affecting an issuer occur.

Market Risk: The return on and value of your investment in the Fund will fluctuate in response to stock market movements. Stocks and other equity securities are subject to market risks and fluctuations in value due to changes in earnings, economic conditions and other factors beyond the control of the Fund.

Management Risk: The Fund's ability to achieve its investment objective depends on the ability of the Advisor to correctly identify economic trends and select stocks, particularly in volatile stock markets. Your investment in the Fund varies with the success and failure of the Advisor's investment strategies and the Advisor's selection of the Fund's portfolio securities. If the Advisor's strategies do not produce the expected results, your investment could decline in value. It is possible that the Islamic principles restrictions placed on investments and reflected in the principal investment strategies may result in the Fund not performing as well as mutual funds that are not subject to such restrictions.

Growth Stock Risk: The prices of growth stocks may be based largely on expectations of future earnings, and their prices can decline rapidly and significantly in reaction to negative news. Growth stocks may underperform value stocks and stocks in other broad style categories (and the stock market as a whole) over any period of time and may shift in and out of favor with investors generally, sometimes rapidly, depending on changes in market, economic, and other factors.

Value Stock Risk: Value stocks may continue to be undervalued by the market for extended periods, including the entire period during which the stock is held by the Fund, or the events that would cause the

stock price to increase may not occur as anticipated or at all. Moreover, a stock that appears to be undervalued actually may be appropriately priced at a low level.

Market Capitalization Risk: Exposure to stocks of mid and/or small capitalization companies may cause the Fund to be more vulnerable to adverse general market or economic developments because such securities may be less liquid and subject to greater price volatility than those of larger, more established companies. Stocks of mid and/or small capitalization companies may be subject to more abrupt or erratic market movements than those of larger, more established companies or the market averages in general. Such companies may have limited product lines, markets or financial resources, and they may be dependent on a limited management group.

Recent Market Events Risk: U.S. and international markets have experienced significant periods of volatility in recent years and months due to a number of economic, political and global macro factors including the impact of the coronavirus (COVID-19). Securities are subject to market fluctuations caused by such factors as economic, political, regulatory or market developments, changes in interest rates and perceived trends in securities prices. Shares of the Fund could decline in value or underperform other investments due to short-term market movements or any longer periods during more prolonged market downturns. In addition, local, regional or global events such as war, acts of terrorism, spread of infectious diseases or other public health issues, recessions, or other events could have a significant negative impact on the Fund and its investments.

Foreign Securities Risk: The Fund's investments in securities of non-U.S. companies ("foreign securities") involve risks relating to adverse political, social and economic developments abroad, as well as risks resulting from the differences between the regulations to which U.S. and non-U.S. companies and markets are subject, including changes in foreign exchange rates. Non-U.S. markets may also be less liquid and more volatile than U.S. markets.

Preferred Stock Risk: The equity-related securities in which the Fund invests may include preferred stocks. Preferred stocks are generally subordinated to bonds and other debt instruments in a company's capital structure and therefore will be subject to greater credit risk than those debt instruments.

Systems and Cybersecurity Risk: The Fund and the Advisor are susceptible to operational risks through breaches in cybersecurity. A breach in cybersecurity refers to both intentional and unintentional events that may cause the affected party to lose proprietary information, suffer data corruption or lose operational capacity. Such events could cause the Fund to incur regulatory penalties, reputational damage, additional compliance costs associated with corrective measures and/or financial loss. Cybersecurity breaches may involve unauthorized access to the Fund's digital information systems through "hacking" or malicious software coding but may also result from outside attacks such as denial-of-service attacks through efforts to make network services unavailable to intended users. In addition, cybersecurity breaches of the issuers of securities in which the Fund invests or the Fund's third-party service providers, such as its administrator, transfer agent, or custodian, as applicable, can also subject the Fund to many of the same risks associated with direct cybersecurity breaches.

Portfolio Turnover Risk: High portfolio turnover may result in the Fund paying higher levels of transaction costs and may generate greater tax liabilities for shareholders. Portfolio turnover risk may cause the Fund's performance to be less than expected.

Concentrated Ownership Risk: The North American Islamic Trust, Inc. ("NAIT"), an affiliate of the Advisor, owns a substantial portion of the shares of the Fund. As a result of such concentrated ownership, a substantial redemption of the Fund's shares by NAIT could significantly reduce the Fund's assets under

management. While the Fund maintains certain cash and/or cash equivalents to meet redemption requests, a redemption by NAIT may exceed these holdings and may cause the Fund to sell securities that it might otherwise hold. However, the Fund reserves the right to redeem in-kind to meet redemption requests that represent a large percentage of the Fund's net assets in order to minimize the effect of large redemptions on the Fund and its remaining shareholders. For more information about NAIT, please refer to Management of the Fund.

Operational Risk: The Fund is exposed to operational risks arising from a number of factors, including, but not limited to, human error, processing and communication errors, errors of the Fund's service providers, counterparties or other third parties, failed or inadequate processes and technology or systems failures. The Fund and the Advisor seek to reduce these operational risks through controls and procedures. However, these measures do not address every possible risk and may be inadequate to address significant operational risks.

Performance

The following performance information indicates some of the risks of investing in the Fund by showing the variability of the Fund's return. The bar chart illustrates how the Fund's total return has varied from year to year. The table illustrates the Fund's average annual total return over time compared with a broad-based securities market index. The Fund's past performance, before and after taxes, is not necessarily an indication of how the Fund will perform in the future. Updated performance information is available on the Fund's website at www.investaaa.com and by calling 1-888-FUNDS-85.

Calendar Year Annual Returns*

*The Fund's calendar year-to-date return as of June 30, 2023 was 22.48%.

During the periods shown in the bar chart, the Fund's highest quarterly return was 18.40% for the quarter ended March 31, 2019 and the lowest quarterly return was -22.35% for the quarter ended June 30, 2022.

Average Annual Total Returns for the Periods ended December 31, 2022

	1 Year	5 Years	10 Years
Iman Fund			
Return Before Taxes	-29.81%	4.45%	9.96%
Return After Taxes on Distributions	-30.04%	2.06%	7.71%
Return After Taxes on Distributions and Sale of Fund Shares	-17.47%	3.39%	7.81%
Dow Jones Islamic Market™ World Index (reflects no deduction for fees, expenses or taxes)	-24.24%	7.19%	9.28%

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on your tax situation and may differ from those shown. Furthermore, the after-tax returns shown are not relevant to those who hold their shares through tax-deferred arrangements such as 401(k) plans or IRAs.

Management

Investment Advisor

Allied Asset Advisors, Inc.

Portfolio Manager

Bassam Osman, Chairman of the Advisor, has been the portfolio manager of the Fund since 2000.

Purchase and Sale of Fund Shares

You may purchase or redeem Fund shares any business day by written request via mail (Iman Fund, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201-0701), by wire transfer, by telephone at 1-888-FUNDS-85 (1-888-386-3785), or through a financial intermediary. Investors who wish to purchase or redeem Fund shares through a broker-dealer should contact the broker-dealer directly. The minimum initial and subsequent investment amounts are shown below.

Minimum Investments

	<u>To Open Your Account</u>	<u>To Add to Your Account</u>
Regular accounts	\$250	\$50
IRA accounts (Traditional, Roth, SEP and Simple IRAs)	\$100	\$50
Coverdell Education Savings Accounts	\$100	\$50

Tax Information

The Fund's distributions are taxable, and will be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an individual retirement account.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Advisor and its related companies may compensate the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's web site for more information.

Investment Objective and Strategies

Investment Objective

The Fund seeks growth of capital in accordance with Islamic principles. This investment objective and the investment strategies described below are non-fundamental, which means that they may be changed by action of the Fund's Trustees without shareholder approval.

Investment Strategies

The Fund seeks to achieve its investment objective by investing in common stocks and equity-related securities of domestic and foreign issuers that meet Islamic principles and whose prices the Advisor anticipates will increase over the long term. Islamic principles generally preclude investments in certain businesses (*e.g.*, alcohol, pornography and gambling) and investments in interest bearing debt obligations. The Fund may invest in companies of all market capitalizations. Any uninvested cash will be held in non-interest bearing deposits or invested in a manner following Islamic principles. There can be no guarantee that the Fund will achieve its investment objective.

The Advisor believes that an actively managed portfolio will enable the Fund to take advantage of opportunities in the market while staying true to Islamic principles. Among the securities that meet Islamic principles, the Advisor will determine a security's attractiveness for purchase based on a number of factors, including its anticipated value, record of earnings growth, and possible turn around, among other things. The Advisor may invest in "growth" or "value" stocks, but it anticipates that a majority of its investments will be of the growth type. The Fund may sell portfolio securities at any time when, in the Advisor's judgment, their price has reached the intended target, their fundamentals have deteriorated, or there are better investment opportunities. Potential tax consequences to Fund shareholders will be a secondary consideration when the Fund sells securities. Shareholders may realize taxable capital gains as a result of frequent trading of the Fund's assets. In addition, the Fund incurs transaction costs in connection with buying and selling securities. Tax and transaction costs lower the Fund's effective return for shareholders. The Fund normally does not invest in emerging markets securities except for those traded on U.S. exchanges.

In addition to common stocks, the Fund may also invest in equity-related securities. These include securities that may be converted into or exchanged for common stock or the cash value of common stock – known as convertible securities – like rights and warrants. The Fund may also invest in American Depositary Receipts ("ADRs"), which are certificates – usually issued by a U.S. bank or trust company – that represent an equity investment in a foreign company or some other foreign issuer. ADRs are valued in U.S. dollars. The Advisor considers ADRs to be equity-related securities. Certain ADR programs are established without the participation of the foreign issuer and as a result, there may be less information available about the foreign issuer. Other equity-related securities in which the Fund may invest include investments in various types of business ventures, including partnerships and joint ventures and securities of real estate investment trusts.

Additionally, the Fund may invest in equity-related securities of companies that are undergoing changes in management or product or changes in marketing dynamics that have not yet been reflected in reported earnings (but are expected to affect earnings in the intermediate term). The inherent value of these securities often is not widely known and as a result, the securities may be favorably priced.

The Fund may also invest in foreign equity securities including stocks and other equity-related securities. The Advisor does not consider ADRs, American Depositary Shares or other similar receipts or shares traded in U.S. markets to be foreign securities. The Fund may invest up to 20% of its total assets in foreign securities,

which the Advisor defines as securities traded in foreign markets and on foreign exchanges. ADRs and similar securities are not included in the 20% limit on foreign securities.

Principal Investment Risks

The principal risks of investing in the Fund are listed below. As with any mutual fund, you may lose money by investing in the Fund. Each risk summarized below is considered a “principal risk” of investing in the Fund, regardless of the order in which it appears.

Equity Securities Risk: The value of the Fund’s shares will fluctuate with changes in the value of the equity securities in which it invests. Equity securities prices fluctuate for several reasons, including changes in investors’ perceptions of the financial condition of an issuer or the general condition of the relevant equity market, such as market volatility, or when political or economic events affecting an issuer occur. Common stock prices may be particularly sensitive to rising interest rates, as the cost of capital rises and borrowing costs increase. Equity securities may decline significantly in price over short or extended periods of time, and such declines may occur in the equity market as a whole, or they may occur in only a particular country, company, industry or sector of the market.

Market Risk: The return on and value of your investment in the Fund will fluctuate in response to stock market movements. Stocks and other equity securities are subject to market risks and fluctuations in value due to changes in earnings, economic conditions and other factors beyond the control of the Fund. The market prices of equity securities owned by the Fund may go up or down, sometimes rapidly or unpredictably. The value of a security may decline for a number of reasons that may directly relate to the issuer and also may decline due to general industry or market conditions that are not specifically related to a particular company. The Fund is also subject to the risk that geopolitical events will disrupt securities markets and adversely affect global economies and markets.

Management Risk: The Fund’s ability to achieve its investment objective depends on the ability of the Advisor to correctly and timely identify economic trends and select stocks, particularly in volatile stock markets. Your investment in the Fund varies with the success and failure of the Advisor’s investment strategies and the Advisor’s selection of the Fund’s portfolio securities. If the Advisor’s strategies do not produce the expected results, your investment could decline in value. It is possible that the Islamic principles restrictions placed on investments and reflected in the principal investment strategies may result in the Fund not performing as well as mutual funds not subject to such restrictions.

Growth Stock Risk: The prices of growth stocks may be based largely on expectations of future earnings, and their prices can decline rapidly and significantly in reaction to negative news. Growth stocks may underperform value stocks and stocks in other broad style categories (and the stock market as a whole) over any period of time and may shift in and out of favor with investors generally, sometimes rapidly, depending on changes in market, economic, and other factors.

Value Stock Risk: Value stocks may continue to be undervalued by the market for extended periods, including the entire period during which the stock is held by the Fund, or the events that would cause the stock price to increase may not occur as anticipated or at all. Moreover, a stock that appears to be undervalued actually may be appropriately priced at a low level.

Market Capitalization Risk: Exposure to stocks of mid and/or small capitalization companies may cause the Fund to be more vulnerable to adverse general market or economic developments because such securities may be less liquid and subject to greater price volatility than those of larger, more established companies. Stocks of mid and/or small capitalization companies may be subject to more abrupt or erratic market

movements than those of larger, more established companies or the market averages in general. Such companies may have limited product lines, markets or financial resources, and they may be dependent on a limited management group.

Recent Market Events Risk: U.S. and international markets have experienced significant periods of volatility in recent years due to a number of economic, political and global macro factors including the impact of the novel coronavirus (COVID-19). Securities are subject to market fluctuations caused by such factors as economic, political, regulatory or market developments, changes in interest rates and perceived trends in securities prices. Shares of the Fund could decline in value or underperform other investments due to short-term market movements or any longer periods during more prolonged market downturns. In addition, local, regional or global events such as war, acts of terrorism, spread of infectious diseases or other public health issues, recessions, or other events could have a significant negative impact on the Fund and its investments. The Advisor will monitor developments and seek to manage the Fund in a manner consistent with achieving the Fund's investment objective, but there can be no assurance that it will be successful in doing so.

Foreign Securities Risks: The Fund's investments in securities of non-U.S. companies ("foreign securities") involve risks relating to adverse political, social and economic developments abroad, as well as risks resulting from the differences between the regulations to which U.S. and non-U.S. companies and markets are subject, including changes in foreign exchange rates. Non-U.S. companies may not be subject to accounting standards or governmental supervision comparable to U.S. companies, and there may be less public information about their operations. Non-U.S. markets may also be less liquid and more volatile than U.S. markets. Non-U.S. markets may offer less protection to investors, and foreign companies may be subject to greater risk of expropriation of assets. Enforcing legal rights may be difficult, costly and slow. Transactions in foreign securities may entail higher transaction costs and various administrative difficulties. The risks described herein are greater in emerging markets.

Preferred Stock Risk: The equity-related securities in which the Fund invests may include preferred stocks. Preferred stocks are generally subordinated to bonds and other debt instruments in a company's capital structure and therefore will be subject to greater credit risk than those debt instruments. In addition, preferred securities are subject to other risks, such as having no or limited voting rights, being subject to special redemption rights, having distributions deferred or skipped, having floating interest rates or dividends which may result in a decline in value in a falling interest rate environment, and/or having limited liquidity.

Systems and Cybersecurity Risk: The Fund and the Advisor are susceptible to operational risks through breaches in cybersecurity. A breach in cybersecurity refers to both intentional and unintentional events that may cause the affected party to lose proprietary information, suffer data corruption or lose operational capacity. Such events could cause the Fund to incur regulatory penalties, reputational damage, additional compliance costs associated with corrective measures and/or financial loss. Cybersecurity breaches may involve unauthorized access to the Fund's digital information systems through "hacking" or malicious software coding but may also result from outside attacks such as denial-of-service attacks through efforts to make network services unavailable to intended users. In addition, cybersecurity breaches of the issuers of securities in which the Fund invests or the Fund's third-party service providers, such as its administrator, transfer agent, or custodian, as applicable, can also subject the Fund to many of the same risks associated with direct cybersecurity breaches. Although the Fund has established risk management systems designed to reduce the risks associated with cyber security, there is no guarantee that such efforts will succeed, especially because the Fund does not directly control the cybersecurity systems of issuers or third-party service providers.

Portfolio Turnover Risk: High portfolio turnover may result in the Fund paying higher levels of transaction costs and may generate greater tax liabilities for shareholders. Portfolio turnover risk may cause the Fund's performance to be less than expected.

Concentrated Ownership Risk: The North American Islamic Trust, Inc. ("NAIT"), an affiliate of the Advisor, owns a substantial portion of the shares of the Fund. As a result of such concentrated ownership, a substantial redemption of the Fund's shares by NAIT could significantly reduce the Fund's assets under management. While the Fund maintains certain cash and/or cash equivalents to meet redemption requests, a redemption by NAIT may exceed these holdings and may cause the Fund to sell securities that it might otherwise hold. However, the Fund reserves the right to redeem in-kind to meet redemption requests that represent a large percentage of the Fund's net assets in order to minimize the effect of large redemptions on the Fund and its remaining shareholders. For more information about NAIT, please refer to Management of the Fund.

Operational Risk: The Fund is exposed to operational risks arising from a number of factors, including, but not limited to, human error, processing and communication errors, errors of the Fund's service providers, counterparties or other third parties, failed or inadequate processes and technology or systems failures. The Fund and the Advisor seek to reduce these operational risks through controls and procedures. However, these measures do not address every possible risk and may be inadequate to address significant operational risks.

Fund's Policy on Portfolio Holdings Disclosure

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Statement of Additional Information (the "SAI").

Management of the Fund

Investment Advisor

The Fund's investment advisor is Allied Asset Advisors, Inc., located at 8925 South Kostner Avenue, Hometown IL 60456. Subject to the general supervision of the Fund's Board of Trustees, the Advisor is responsible for the day-to-day investment decisions of the Fund in accordance with the Fund's investment objective and policies. In exchange for these services, the Advisor receives a management fee, which is calculated daily and paid monthly, according to the Fund's average daily net assets. The Advisor is a subsidiary of NAIT and was formed in 2000 to manage the Fund. For more information about NAIT, see the SAI.

NAIT is the controlling entity of the Advisor and, as of August 31, 2023, owned 47.73% of the outstanding shares of the Fund. NAIT intends to exercise its voting rights on issues that come before shareholders, which will affect the outcome of the vote.

The Investment Advisory Agreement for the Fund provides that the management fee for the Advisor will be at the annual rate of 1.00% of average daily net assets under management, and for the fiscal year ended May 31, 2023, the Advisor received management fees of 1.00% of the Fund's average daily net assets.

A discussion regarding the basis of the Board of Trustees' approval of the Advisor's Investment Advisory Agreement with the Fund is available in the Fund's [Annual Report](#) to Shareholders for the fiscal year ended May 31, 2023.

Portfolio Manager

Bassam Osman is the portfolio manager, solely responsible for the day-to-day investment management of the Fund. He has managed the Fund since its inception. He has been a Portfolio Manager and the Chairman of Allied Asset Advisors Funds since 2000.

The SAI provides additional information about the portfolio manager's compensation, other accounts managed by the portfolio manager and the portfolio manager's ownership of securities in the Fund.

Custodian

U.S. Bank, N.A., 1555 North Rivercenter Drive, Suite 302, Milwaukee, Wisconsin 53212, serves as custodian of the Fund's assets.

Transfer Agent and Administrator

U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services, 615 East Michigan Street, Milwaukee, Wisconsin 53202 serves as transfer agent (the "Transfer Agent") for the Fund and as the Fund's administrator ("Fund Services").

Distributor

Quasar Distributors, LLC, 111 East Kilbourn Avenue, Suite 2200, Milwaukee, Wisconsin 53202, a subsidiary of Foreside Financial Group, LLC, registered broker-dealer, and member of the Financial Industry Regulatory Authority, Inc., serves as distributor of the Fund's shares (the "Distributor").

Calculating Share Price

Shares of the Fund are sold at their net asset value ("NAV") per share, which is calculated for the Fund as of the close of regular trading (generally, 4:00 p.m. Eastern time) on each day that the New York Stock Exchange ("NYSE") is open for unrestricted business. However, the Fund's NAV may be calculated earlier if trading on the NYSE is restricted or as permitted by the U.S. Securities and Exchange Commission ("SEC"). The NYSE is closed on weekends and most national holidays. The NAV will not be calculated on days when the NYSE is closed for trading. Because the Fund may at times invest in securities that are primarily listed on non-U.S. exchanges that trade on weekends or other days when the Fund does not price its shares, the NAV of the Fund may change on days when shareholders will not be able to purchase or redeem shares of the Fund.

Purchase and redemption requests are priced at the next NAV calculated after receipt of such requests. The NAV is the value of the Fund's securities, cash and other assets, minus all expenses and liabilities (assets – liabilities = NAV). NAV per share is determined by dividing NAV by the number of shares outstanding ($\text{NAV} / \# \text{ of shares} = \text{NAV per share}$). The NAV takes into account the expenses and fees of the Fund, including management, shareholder servicing and administration fees, which are accrued daily.

In calculating the NAV, portfolio securities are valued using current market values or official closing prices, if available. Each security owned by the Fund that is listed on a securities exchange is valued at its most recent sale price on that exchange as of the time when the NAV is determined. Where the security is listed on more than one exchange, the Fund will use the price of the exchange that the Fund generally considers to be the principal exchange on which the security is traded. When market quotations are not readily available, a security or other asset is valued at its fair value as determined under procedures approved by the Board of Trustees and as described in more detail below under Fair Value Pricing.

If you place a purchase order in good form (see “How to Purchase Shares”) that is delivered to the Fund or its authorized agent before the close of the regular trading session of the NYSE on any business day, your order will receive the share price determined for the Fund as of that day. If your order is received after the close of the regular trading session of the NYSE, it will receive the price determined on the next business day.

Fair Value Pricing

The trading hours for most foreign securities end prior to the close of the NYSE, the time the Fund’s NAV is calculated. The occurrence of certain events after the close of foreign markets, but prior to the close of the U.S. market (such as a significant surge or decline in the U.S. market) often will result in an adjustment to the trading prices of foreign securities when non-U.S. markets open on the following business day. If such events occur, the Fund may value foreign securities at fair value, taking into account such events, when it calculates its NAV. Fair value determinations are made in good faith in accordance with procedures adopted by the Fund’s Board of Trustees.

The Board of Trustees has also developed procedures that utilize fair value procedures when any assets for which reliable market quotations are not readily available or for which the Fund’s pricing service does not provide a valuation or provides a valuation that, in the judgment of the Advisor, does not represent a fair value. The Fund may also fair value a security if the Fund or the Advisor believes that the market price is stale. Further, if events occur that materially affect the value of a security between the time trading ends on that particular security and the close of regular trading on the NYSE, the Fund may value the security at a fair value. Valuing securities at fair value involves greater reliance on judgment than securities that have readily available market quotations. There can be no assurance that the Fund could obtain the fair value assigned to a security if it were to sell the security at approximately the time at which the Fund determines its NAV per share.

When fair value pricing is employed, the values of securities used by the Fund to calculate its NAV may differ from quoted or published prices for the same securities. Due to the subjective and variable nature of fair value pricing, it is possible that the fair value determined for a particular security may be materially different from the value realized upon such security’s sale. Therefore, if a shareholder purchases or redeems shares when the Fund holds securities valued at a fair value, that valuation may have the unintended effect of increasing or decreasing the number of shares received in a purchase or the value of the proceeds received upon redemption.

How to Purchase Shares

To open an account, you must invest at least the minimum amount.

Minimum Investments

	<u>To Open Your Account</u>	<u>To Add to Your Account</u>
Regular accounts	\$250	\$50
IRA accounts (Traditional, Roth, SEP and Simple IRAs)	\$100	\$50
Coverdell Education Savings Accounts	\$100	\$50

Good Order Purchase Requests

When making a purchase request, make sure your request is in good order. “Good order” means your purchase request includes:

- the *name* of the Fund
- the *dollar amount* of shares to be purchased

- account application form or investment stub
- check payable to the “Iman Fund”

Methods of Buying

Through a broker/dealer organization

You can purchase shares of the Fund through any broker-dealer or other financial organization that has a sales agreement with the Fund’s Distributor. The Fund will be deemed to have received a purchase order when an authorized broker-dealer or other financial organization or, if applicable, its authorized designee, receives the order. The broker-dealer organization is responsible for sending your purchase order to the Fund. Please keep in mind that your broker-dealer may charge additional fees for its services.

By mail

To open an account directly with the Fund, complete an account application form and send it together with your check to the address below. Additional documents are required for certain types of shareholders, such as corporations, partnerships, executors, trustees, administrators, or guardians (*i.e.*, corporate resolutions or trust documents indicating proper authorization). Please see the SAI for more information. To make additional investments once you have opened your account, send your check together with the detachable form that’s included with your Fund account statement or confirmation. You may also send a letter stating the amount of your investment with your name, the name of the Fund and your account number together with a check to the address below. Checks should be made payable to “Iman Fund.” All checks should be payable in U.S. dollars drawn on a domestic financial institution. The Fund will not accept payment in cash or money orders. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler’s checks or starter checks for the purchase of shares. The Fund is unable to accept post-dated checks or any conditional order or payment. If your payment is returned for any reason, a \$25 fee will be assessed against your account. You may also be responsible for any loss sustained by the Fund for any payment that is returned.

Shares of the Fund have not been registered for sale outside of the United States. The Iman Fund generally does not sell shares to investors residing outside the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses.

Regular Mail

Iman Fund
U.S. Bank Global Fund Services
P.O. Box 701
Milwaukee, Wisconsin 53201-0701

Overnight Delivery

Iman Fund
U.S. Bank Global Fund Services
615 E. Michigan Street, Third Floor
Milwaukee, Wisconsin 53202

NOTE: *The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents.* Therefore, when you deposit your account application form, additional purchase request, or redemption request in the mail or use other delivery services, or if your documents are simply in the post office box of the Fund’s “Transfer Agent”, that does not mean that the Transfer Agent or the Fund actually received those documents. Receipt of your account application form, additional purchase request, or redemption request is based on when the order is received at the Transfer Agent’s offices.

<i>By telephone</i>	<p>Unless you decline telephone options on your account application form, you will be authorized for telephone purchases after your account has been open for at least 7 business days. Call the Fund toll-free at 1-888-FUNDS-85 (1-888-386-3785) to move money, in amounts of \$50 or more, from your bank account to your Fund account upon request. Only bank accounts held at U.S. institutions that are Automated Clearing House (“ACH”) members may be used for telephone transactions. If you place your order with the Fund prior to close of regular trading on the NYSE shares will be purchased at that day’s NAV per share. For security reasons, requests by telephone will be recorded.</p>
<i>By wire</i>	<p>To open an account, contact the Fund at 1-888-FUNDS-85 (1-888-386-3785) to make arrangements with a telephone representative to send in your completed application via facsimile. Upon receipt of your completed application, your account will be established and a service representative will contact you to provide your new account number and wiring instructions. If you do not receive this information within one business day, you may call the Transfer Agent at 1-888-FUNDS-85 (1-888-386-3785). A completed account application is required in advance of a wire. You may then contact your bank to wire funds according to the instructions you are given. Your initial purchase will be placed as of the date the funds are received, provided the funds are received before the close of the market. If the funds are received after the close of the NYSE, your shares will be purchased using the next business day’s NAV per share.</p> <p>To make additional investments by wire, call 1-888-FUNDS-85 (1-888-386-3785) to notify the Fund of the incoming wire using the wiring instructions below:</p> <p>U.S. Bank, National Association 777 East Wisconsin Avenue Milwaukee, WI 53202 ABA #: 075000022 Credit: U.S. Bancorp Fund Services, LLC Account #: 112-952-137 Further Credit: Iman Fund (your name or the title on the account) (your account #)</p> <p>The Fund and U.S. Bank, N.A. are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system or from incomplete wiring instructions.</p>
<i>Through an automatic investment plan</i>	<p>If you intend to use the Automatic Investment Plan (“AIP”), you may open your account with an initial minimum investment of \$100. Once your account has been opened, you may purchase Fund shares in the amount of \$50 or more through the AIP. You can have money automatically transferred from your checking or savings account on a monthly, bi-monthly or quarterly basis. To be eligible for this plan, your bank must be a U.S. institution that is an ACH member. The Fund may modify or terminate the AIP at any time. The first AIP purchase will take place no earlier than 7 business days after the Transfer Agent has received your request.</p> <p>You may select this service by completing the Automatic Investment Plan section of your account application form and sending a voided check or savings deposit slip. We are unable to debit mutual fund or pass-through accounts. You may be charged a \$25 fee for any returned checks or stop payment orders. You may terminate your participation in this Plan upon five days’ notice by writing to or calling the Transfer Agent at 1-888-FUNDS-85 (1-888-386-3785).</p>

Please note that, in compliance with the USA PATRIOT Act of 2001, the Transfer Agent will verify certain information on your account application as part of the Fund’s Anti-Money Laundering Program. As requested on the application, you must provide your full name, date of birth, social security number and permanent street address. If you are opening the account in the name of a legal entity (*e.g.*, partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners.

Mailing addresses containing only a P.O. Box will not be accepted. Applications without this information may not be accepted and orders may not be processed. The Fund reserves the right to place limits on transactions in any account until the identity of the investor is verified; to refuse an investment in the Fund or involuntarily redeem an investor's shares and close an account in the event that an investor's identity is not verified; or to suspend the payment of withdrawal proceeds if it is deemed necessary to comply with anti-money laundering regulations. The Fund and its agents will not be responsible for any loss resulting from the investor's delay in providing all required identifying information or from closing an account and redeeming an investor's shares when an investor's identity cannot be verified. Please contact the Fund at 1-888-FUNDS-85 (1-888-386-3785) if you need additional assistance when completing your application.

How to Sell Shares

Methods of Selling

Through a broker/dealer organization

If you purchased your shares through a broker-dealer or other financial organization, your redemption order should be placed through the same organization. The Fund will be deemed to have received a redemption order when an authorized broker-dealer or other financial organization or, if applicable, its authorized designee, receives the order. The organization is responsible for sending your redemption order to the Fund on a timely basis. Please keep in mind that your broker-dealer may charge additional fees for

By mail

If you purchased your shares directly from the Fund, send your written redemption request to the address below. Your request should contain the Fund's name, your account number and the dollar amount or the number of shares to be redeemed. Be sure to have all shareholders sign the letter. Additional documents are required for certain types of shareholders, such as corporations, partnerships, executors, trustees, administrators, or guardians (*i.e.*, corporate resolutions or trust documents indicating proper authorization). Please see the SAI for more information.

Regular Mail

Iman Fund
U.S. Bank Global Fund Services
P.O. Box 701
Milwaukee, Wisconsin 53201-0701

Overnight Delivery

Iman Fund
U.S. Bank Global Fund Services
615 E. Michigan Street, Third Floor
Milwaukee, Wisconsin 53202

NOTE: The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, when you deposit your account application form, additional purchase request, or redemption request in the mail or use other delivery services, or if your documents are simply in the post office box of the Fund's "Transfer Agent", that does not mean that the Transfer Agent or the Fund actually received those documents. Receipt of your account application form, additional purchase request, or redemption request is based on when the order is received at the Transfer Agent's offices.

The Transfer Agent may require a *signature guarantee* for certain requests. Signature guarantees will generally be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program (“STAMP”). *A notary public is not an acceptable signature guarantor.*

A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required in the following situations:

- If you are requesting a change in ownership on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- When a redemption is received by the Transfer Agent and the account address has changed within the last 30 calendar days;
- For all redemptions in excess of \$1,000,000 from any shareholder account.

In addition to the situations described above, the Fund and/or the Transfer Agent reserve the right to require a signature guarantee in other instances as the Fund or Transfer Agent determines is warranted. The Fund reserves the right to waive any signature requirement at its discretion.

Non-financial transactions including establishing or modifying certain services on an account may require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

By telephone

Unless you decline telephone options on your account application, you may redeem shares up to \$1,000,000, but not less than \$100, by calling 1-888-FUNDS-85 (1-888-386-3785). In order to redeem from an IRA account, this option must be added in writing prior to calling the Transfer Agent. Proceeds of a telephone redemption may be sent by check to your address of record, wired to your bank account designated on your account, or sent via electronic funds transfer through the ACH network to a predetermined bank account. If proceeds are wired, your bank may charge a fee to receive wired funds and the Transfer Agent charges a \$15 outgoing wire fee. Although there is no charge for proceeds to be sent through the ACH network, most such transfers are completed within two business days. A *signature guarantee* or a signature verification from a Signature Verification Program member or other acceptable form of authentication from a financial institution source may be required of all shareholders to change or add telephone redemption privileges. Once a telephone transaction has been placed, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern time), although before executing an instruction received by telephone, the Transfer Agent will use reasonable procedures to confirm that the telephone instructions are genuine. If such measures are followed to ensure against unauthorized transactions, neither the Fund nor the Transfer Agent will be responsible for any losses. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person. For security reasons, requests by telephone will be recorded and the caller may be asked to verify certain personal identification information. Telephone trades must be received by or prior to market close. During periods of high market activity, shareholders may encounter higher than usual call wait times. Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to market close.

By writing a check

On your account application form, you may select the option to receive a checkbook so that you can redeem shares by writing checks against your Fund account. Checks may be made payable in the amount of \$250 or more. Any checks drawn on a joint account will only require one signature. There is a \$25 charge for stopping payment of a check upon your request, or if the Transfer Agent cannot honor a check due to insufficient funds or other valid reason. You may not use a check to close your account.

Through a systematic withdrawal plan

If you own shares with a value of \$10,000 or more, you may participate in the systematic withdrawal plan. Under the plan, you may choose to receive a specified dollar amount, generated from the redemption of shares in your account, on a monthly, quarterly or annual basis. If you elect this method of redemption, the Fund will send a check to your address of record, or will send the payment via electronic funds transfer through the ACH network, directly to your bank account. For payment through the ACH network, your bank must be an ACH member and your bank account information must be maintained on your Fund account. This program may be terminated at any time by the Fund. You may also elect to terminate your participation in this plan at any time by contacting the Transfer Agent at least five days prior to effective date. The systematic withdrawal plan allows you to make automatic withdrawals from your Fund account at regular intervals. Money will be transferred from your Fund account to the checking or savings account you choose on your account application form. If you expect to purchase additional shares of the Fund, it may not be to your advantage to participate in the systematic withdrawal plan because of the possible adverse tax consequences of making contemporaneous purchases and redemptions.

When Redemption Proceeds Are Sent to You

Your shares will be redeemed at the NAV per share next determined after the Fund receives your redemption request in good order. Your redemption request cannot be processed on days when the NYSE is closed.

When making a redemption request, make sure your request is in good order. “Good order” means your letter of instruction includes:

- the *name* of the Fund
- the *dollar amount* of shares to be redeemed
- *signatures* of all registered shareholders exactly as the shares are registered with the signatures guaranteed if applicable
- the *account* number

Proceeds of redemption requests received in good order by the Fund before the close of the regular trading session of the NYSE (normally, 4:00 p.m. Eastern Time) will usually be sent on the following business day.

The Fund typically expects that a fund will hold cash or cash equivalents to meet redemption requests. The funds may also use the proceeds from the sale of portfolio securities to meet redemption requests if consistent with the management of the fund. These redemption methods will be used regularly and may also be used in stressed market conditions. The Fund reserves the right to redeem in-kind as described below. Redemptions in-kind are typically used to meet redemption requests that represent a large percentage of a fund’s net assets in order to minimize the effect of large redemptions on the fund and its remaining shareholders. Redemptions in-kind may be used regularly in circumstances as described above, and may also be used in stressed market conditions.

Proceeds will be sent via check to the address of record or can be sent by wire or electronic funds transfer through the ACH network to the bank previously established on your account. In all cases, proceeds will be

sent no later than seven calendar days after the Fund receives your redemption request except as otherwise allowed under the Investment Company Act of 1940, as amended.

If you did not purchase your shares with a wire payment, the Transfer Agent may delay payment of your redemption proceeds for up to 12 calendar days from the date of purchase or until your payment for the purchase has cleared, whichever comes first.

Shareholders who have an IRA or other retirement plan must indicate on their written redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election will generally be subject to 10% withholding. Shares held in IRA accounts may also be redeemed by telephone at 1-888-FUNDS-85 (1-888-386-3785) if the option is added in writing prior to calling the Transfer Agent. Investors will be asked whether or not to withhold taxes from any distribution. IRA accounts are assessed a \$15 fee per account annually, capped at \$30 per social security number.

Redemption In-Kind

If the amount you are redeeming is over the lesser of \$250,000 or 1% of the Fund's NAV, the Fund has the right to redeem your shares by giving you the amount that exceeds \$250,000 or 1% of the Fund's net asset value in securities instead of cash.

Accounts with Low Balances

Due to the high cost of maintaining accounts with low balances, the Fund may mail you a notice if your account falls below \$250 (\$100 for IRA accounts) requesting that you bring the account back up to the minimum amount or close it out. (If you started your account with an AIP, you must continue your AIP until your minimum account balance has been attained.) If you do not respond to the request within 30 days, the Fund may close the account on your behalf and send you the proceeds.

Frequent Purchases and Redemptions

The Fund is intended for long-term investors and discourages excessive short-term trading and other abusive trading practices that may disrupt portfolio management strategies, harm performance, and create additional transaction costs that are borne by all shareholders. Because the Fund invests in foreign securities, market timers may seek to take advantage of time zone differences that could affect the NAV of the Fund. Accordingly, the Fund's Board of Trustees has adopted a market timing policy under which the Fund takes steps to reduce the frequency and effect of these activities in the Fund, which includes monitoring trading activity. The Fund applies these market timing procedures uniformly to all shareholders of the Fund.

The Fund attempts to deter and prevent market timing and other short-term trading practices. To that end, the Fund reserves the right to restrict, without prior notice, any purchase or exchange order received by the Fund, that the Fund determines, in its sole discretion, not to be in the best interests of the Fund.

Limitations on Ability to Prevent Disruptive Trading

The Fund seeks to prevent patterns of frequent purchases and redemptions of Fund shares by its shareholders. Frequent purchases and sales of shares of the Fund may adversely affect Fund performance and the interests of long-term investors. When a shareholder engages in frequent or short-term trading, the Fund may have to sell portfolio securities to have the cash necessary to redeem the shareholder's shares. This can happen when it is not advantageous to sell any securities, so the Fund's performance may be hurt. When large dollar amounts are involved, frequent trading can also make it difficult to use long-term investment strategies because the Fund cannot predict how much cash it will have to invest. In addition, if the Fund is forced to liquidate investments due to short-term trading activity, it may incur increased brokerage and tax costs. Similarly, the Fund may bear increased administrative costs as a result of the asset level and investment

volatility that accompanies patterns of short-term trading. Moreover, frequent or short-term trading by certain shareholders may cause dilution in the value of Fund shares held by other shareholders. Additionally, because the Fund invests in foreign securities, it may be particularly susceptible to frequent trading because time zone differences among international stock markets can allow a shareholder engaging in frequent trading to exploit the Fund's share price when it is based on closing prices of foreign securities established some time before the Fund calculates its own share price. The Board has adopted policies and procedures designed to discourage or prevent frequent trading activities by Fund shareholders. Exceptions to the trading policy will not normally be granted.

Although the Fund's efforts are designed to discourage abusive trading practices, the possibility that such activity will occur cannot be eliminated. Further, while the Fund makes efforts to identify and restrict frequent trading, the Fund receives purchase and sale orders through financial intermediaries. As a result, the Fund cannot always know or detect frequent trading that may be facilitated by the use of intermediaries through group or omnibus accounts. However, the Fund monitors aggregate trades placed in omnibus accounts and seeks to work with financial intermediaries to discourage shareholders from engaging in market timing and to restrict excessive trading. The Fund enters into written agreements with each of the Fund's financial intermediaries, under which the intermediary must, upon request, provide the Fund with certain shareholder and identity trading information so that the Fund can enforce its trading policies. There may be legal and technological limitations on the ability of financial intermediaries to restrict the trading practices of their clients, and they may impose restrictions or limitations that are different from the Fund's policies.

The Fund exercises its judgment, to the best of its ability, in a manner that it believes is consistent with shareholder interest. To minimize harm to the Fund and its shareholders, the Fund reserves the right to reject any purchase order from any shareholder the Fund believes has a history of abusive trading or whose trading, in the Fund's judgment, has been or may be disruptive to the Fund. In making this judgment, the Fund may consider trading done in multiple accounts under common ownership control. The Fund or the Transfer Agent may notify the investor that a purchase order has been rejected after the day the order is placed or after acceptance by the intermediary.

Distributions and Taxes

The Fund makes distributions of substantially all of its net investment income and net capital gains realized on the sale of securities, if any. These distributions are generally paid (or deemed to be paid) once each year, on or before December 31. All distributions will automatically be reinvested in additional shares of the Fund, unless you elect to receive them in cash. You may change the distribution option on your account by writing or calling the Transfer Agent. Any change must be received five days prior to the record date of the distribution. If you choose to have distribution checks mailed to you and either the U.S. Postal Service is unable to deliver the check to you or the check remains outstanding for six months, the Fund reserves the right to reinvest the check at the then current net asset value and to reinvest all subsequent distributions in shares of the Fund until you provide us with different instructions.

In general, Fund distributions are taxable to you as ordinary income or capital gains. A portion of the ordinary income dividends paid to you by the Fund may be qualified dividends eligible for taxation at long-term capital gain rates. You will be taxed in the same manner whether you reinvest your distributions in additional Fund shares or receive them in cash. Any long-term capital gains the Fund distributes are taxable to you as long-term capital gains no matter how long you have owned your shares. If you purchase shares shortly before a distribution's record date, you will be subject to income taxes on the distribution, even though the value of your investment (plus cash received, if any) remains the same.

If you do not provide your correct social security or taxpayer identification number, or if the IRS instructs the Fund to do so, the Fund, by law, must withhold a percentage of your taxable distributions.

When you sell your shares of the Fund, it is considered a taxable event and you may have a capital gain or loss on the transaction. Your individual tax liability on any gain from the sale of your shares depends on your purchase price, sale price, your marginal tax rate, on how long you have held your shares, and on other factors unique to your circumstances.

Fund distributions and gains from the sale of your shares generally will be subject to state and local income tax in addition to federal taxation. Non-U.S. investors may be subject to U.S. withholding tax. You should consult your tax advisor about the federal, state, local or foreign tax consequences of your investment in the Fund.

Shareholder Reports and Confirmations

As a shareholder, you will be provided annual and semi-annual reports showing the Fund's portfolio investments and financial information. Account and tax statements will be mailed to you on an annual basis. You will also receive written confirmations of your purchases and redemptions.

Householding

In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses and other shareholder documents you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders we reasonably believe are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 1-888-FUNDS-85 (1-888-386-3785) to request individual copies of these documents. Once the Fund receives notice to stop householding, we will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

Lost Shareholders, Inactive Accounts and Unclaimed Property

It is important that the Fund maintains a correct address for each investor. An incorrect address may cause an investor's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the investor or rightful owner of the account. If the Fund is unable to locate the investor, then it will determine whether the investor's account can legally be considered abandoned. Your mutual fund account may be transferred to the state government of your state of residence if no activity occurs within your account during the "inactivity period" specified in your state's abandoned property laws. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The investor's last known address of record determines which state has jurisdiction. Please proactively contact the Transfer Agent toll-free at 1-888-FUNDS-85 (1-888-386-3785) at least annually to ensure your account remains in active status. Investors who are residents of the state of Texas may designate a representative to receive legislatively required unclaimed property due diligence notifications. Please contact the Transfer Agent to complete a Texas Designation of Representative form.

Index Description

The Fund is utilizing as its benchmark the Dow Jones Islamic MarketTM World Index (the "Islamic World Index"), which is a broad-based securities market index. The Islamic World Index is a compilation of various country-level benchmark indices considered by Dow Jones to be in compliance with Islamic principles. The

index provides a definitive standard for measuring stock market performance for Islamic investors on a global basis, in accordance with Dow Jones Index's established index methodology. You cannot invest in an index.

For more information on the Islamic World Index, please refer to the Dow Jones Islamic Market Indices Methodology, which is available at:

<https://us.spindices.com/documents/methodologies/methodology-dj-islamic-market-indices.pdf>.

Financial Highlights

The financial highlights table below is intended to help you understand the Fund's financial performance for the past five years. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate that you would have earned or lost on an investment in the Fund (assuming you reinvested all dividends and distributions). This information has been derived from financial statements audited by Cohen & Company, Ltd., the Fund's independent registered public accounting firm. Cohen & Company, Ltd.'s report, along with the Fund's financial statements, is included in the Fund's [annual report](#) dated May 31, 2023, which is available upon request.

	Year Ended May 31,				
	2023	2022	2021	2020	2019
Net asset value, beginning of year	<u>\$11.21</u>	<u>\$15.73</u>	<u>\$11.63</u>	<u>\$12.76</u>	<u>\$13.96</u>
Income (loss) from investment operations:

Privacy Notice

The Fund collects non-public information about you from the following sources:

- Information we receive about you on applications or other forms;
- Information you give us orally; and
- Information about your transactions with us or others.

We do not disclose any non-public personal information about our shareholders or former shareholders without the shareholder's authorization, except as required by law or in response to inquiries from governmental authorities. We restrict access to your personal and account information to those employees who need to know that information to provide products and services to you. We may disclose that information to unaffiliated third parties (such as to brokers or custodians) only as permitted by law and only as needed for us to provide agreed services to you. We maintain physical, electronic and procedural safeguards to guard your non-public personal information.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank or trust company, the privacy policy of your financial intermediary would govern how your non-public personal information would be shared by those entities with unaffiliated third parties.
